## Audio: Kisk - WYS! Promo Mix

If you're not familiar with the ethos behind London based Apparel Music then take a look at [their logo](#). *"The two dogs in our logo are the yin and yang, day and night, good and bad, the contrast generated by everything... but above all love."* Pouring nothing but love into his label is Giuseppe D'Alessandro - aka Kisk - a beatsmith from Milan who promises to take jazz with him wherever he goes. Since the start of his label in 2009, Kisk has made partnerships with some of the best in the business, including Lopazz, Ekkohaus and Moodymanc and his first 12" on Apparel 'Jazzy Tourism EP' with remixes from Scsi9, Lopazz& Zarook and Yapacc immediately put jazz back on the map.

As we look forward to welcoming the music maestro into the notorious underworld of WetYourself this Sunday, we have a mix from Kisk that features the sounds of Delano Smith, Elon, Gavin Herlihy and shines just as bright as the sun is today...
