KISK – MY BEST (FRIENDS) IN APPAREL MUSIC (APPAREL MUSIC)

APRIL 27, 2015

f t p g+ in

Apparel Music boss Kisk has put together a stunning 21 track compilation of his best productions and remixes that have cemented the London-based labels identity.

Giuseppe D'Alessandro aka Kisk is a well-travelled Italian-born producer/dj that is now based out of London. In 2009 Kisk created the Apparel Music label, with a single goal in mind; to create a platform for his and others harmonious blend of jazz and house music. The label has strong connections worldwide, working with producers from Russia, Germany, Italy and the UK.

This new compilation is a well curated offering of some of Kisk's best work over the last decade, from influential tracks like 'Jazzy Tourism' to earlier offerings like 'Made' and one of favourite tracks of Giuseppe's we covered last year 'Friends'. Over twenty tracks, this is a real credit to the talented Italian and it's a real pleasure to see his concept of jazz fused house music come to fruition.
