Exclusive Premiere: Leon Revol “Green Plus” (Apparel Music)

MIMS Premieres—September 5, 2018

HOUSE / TECHNO

Young Bordeaux-based Frenchman Leon Revol shares a first taste of his fresh and organic 4 track EP “Realized You Shine”.

The release instantly soothes the soul, especially for those searching for chilled-out, groovy, and hypnotic vibes. From the first track entitled ‘**Green Plus**’, it’s clear that Revol takes great care in selecting and refining the sounds he uses.

The result is a heartwarming groove with undeniable quality. The whole EP appeals to listeners both outside and inside dance music spheres by skillfully traversing many musical genres.

The rest of the EP follows the same formula of loose and jazzy instrumentation perfect for both warming up the dance floor or just relaxing with friends while the sun sets. We’re very excited to seeing where this EP takes the young and promising Leon Revol!

The “**Realized You Shine**” cover art is by **Danica Ondrejovic**.

“**Realized You Shine**” releases September 10, 2018 on Apparel Music
