## First Listen: Kisk – Blissanova

When We Dip Deep House, News 11 August 2015

Apparel Music and The Dub come together this month for a top quality two track collaboration. The release sees Apparel Music bossman Kisk bring the funk-filled 'Blissanova' to the table while revered Italian producer and DJ Claudio Coccoluto renders his own impressive original in 'Unbelievable'.

Today, WWD brings you an exclusive first listen of Kisk's scintillating offering, an idyllic Summer groover ready to carry you off into the sunset. True to its word, 'Blissanova' takes the listener to another level fusing beautiful textures, tightly knit drums and an audacious sax-line into a stand out six minute cut.

Release date set for August 24th.
